1 Inserire i traversi sulle gambe e bloccare la struttura

2 Serrare e controllare che il filo superiore della gamba risulti allineato con i traversi

3 Tappare la parte inferiore delle gambe

4 Spingere la ferramenta di bloccaggio del piano nell'apposita sede e trainarla nella posizione preferita

5 Appoggiare il piano in posizione centrato come desiderato e bloccarlo avvitandolo contro la sua ferramenta

KIT COMPOSTO DA:

- 1 Gambe con tappo e fondello.
- 2 Traverso a misura con viti M8x40.
- 3 Placchette angolari.
- 4 Dadi M8.
- 5 Piastrina di fissaggio.

ENSEMBLE COMPOSE PAR:

- 1- Jambe avec bouchon.
- 2- Traverse a mesure avec vis M8x40.
- 3- Plaquettes angulaires.
- 4- Ecrous M8.
- 5- Plaquette de fixation.

KIT MADE UP OF:

- 1- Leg with cap.
- 2- Beam cut to size with screws M8x40.
- 3- Angular plates.
- 4- Nuts M8.
- 5- Fixing plate.

KIT BESTEHEND AUS:

- 1- Beigestell mit unterem Stoepfel.
- 2- Profil nach Kundenmass mit Schrauben M8x40.
- 3- Eckige Plaettchen.
- 4- Mutter M8.
- 5- Befestigungsplatte
