Applicazioni cerniere	Situazione di battuta								
Applicazione standard									
Cerniera da 110°		103 333 400		103 333 401		103 333 402			
Cerniera speciale 110°		103 333 400							
Cerniera da 107°		103 333 400		103 333 401		103 333 402			
CLIP cerniera da 100°				103 333 401		103 333 402			
Applicazione a grande angolo di apertura									
Cerniera da 155°		103 307 223		103 307 223					
 Cerniera da 170°		103 333 405		103 333 405					
Applicazioni per ante con profilati									
Cerniera per ante con profilati		103 333 400		103 333 401		103 333 402			
Applicazioni per telai in alluminio									
 Cerniera da 95° per telai d'alluminio CLIP top per 973A		103 333 400		103 333 401		103 333 402			
Cerniera da 95° per telai d'alluminio CLIP top		103 333 430		103 333 430		103 333 430			
Applicazioni per ante in vetro									
 Cerniera CRISTALLO		103 333 408		103 333 408		103 333 408			
Cerniera per ante di cristallo				103 333 430		103 333 430			
Applicazioni per ante con telaio									
Minicerniera				103 333 430		103 333 430			
Applicazioni per mobili ad angolo									
Cerniera per anta a soffietto per mobili ad angolo		103 333 530							
Applicazioni per mobili ad angolo – standard									
±5° applicazioni per mobili ad angolo		103 333 400		103 333 401		103 333 402			
Applicazioni per mobili ad angolo – anta in cristallo									
CRISTALLO – applicazione per mobili ad angolo		103 333 408							
+45° cerniera per mobili ad angolo per ante in cristallo		103 333 430							
+20° cerniera per mobili ad angolo per ante in cristallo		103 333 430							
±5° applicazioni per mobili ad angolo per ante in cristallo		103 333 430		103 333 430		103 333 430			
Applicazioni per mobili ad angolo – anta con telaio									
 +45° cerniera per mobili ad angolo con minifondello		103 333 430							
+20° cerniera per mobili ad angolo con minifondello		103 333 430							
±5° cerniera per angolo con minifondello		103 333 430		103 333 430		103 333 430
